## KSIS Points of Contact:

This is an advanced notice that KDE is targeting the release of **E.1242.3** to all Kentucky Infinite Campus production and sandbox environments starting on **Wednesday evening November 14 at 7 p.m. local time**. You will experience some Campus down time during the update process. Please notify Campus users in your district accordingly. The *highlights* of the release include the areas listed in the table below. In addition to the release highlights, an additional table has been added below that includes items fixed with the latest RX patch for this release.

***Please share this information and the attached release notes with appropriate individuals.***
